4 CONTRACT CONCEPT

4.1 BACKGROUND

Sindh is the second largest province of Pakistan with an estimated population of over 42 million people. Sindh spans over an area of approximately 140,912 km² and an economy of PKR 522 billion with per capita income estimated at US\$ 1,038.

There are approximately **5.2** million vehicles stands registered in the province of Sindh till to date whereas approximately **1 lac** vehicles are being registered every month and standardized Registration Certificate are issued to the commercial and non-commercial vehicles.

Keeping in view the deteriorating law and order situation specially the snatching of cars and vehicle related crimes leading to terrorist activities wherein bogus/counterfeit Registration Certificate/book are often used, and to counter these events and verify the registration number of off road vehicles more efficiently, the initiative to introduce the Smart card system is a need of hour to introduce the security and tamper resistant Smart card in the province especially to bring it at par with International ISO Standard as it will help of law enforcement agencies and Home Department, Government of Sindh.

Government of Sindh has taken up several important initiatives aimed at modernizing the Vehicle Registration System. Noteworthy initiatives include:

- a. Upgrading the legacy computerized systems with a modern and web enabled System.
- b. Introducing a Smart Card Registration Certificate with increased security features.**
- c. Now Excise, Taxation & Narcotics Control Department, Government of Sindh seeks solution for a component that is integral to the aspects of security and provided by the E&TD, which is the vehicle Smart Card Registration Certificate. This component has been under active consideration by the Government of Sindh – particularly replacement of the current and all old standardized registration certificates with one that incorporates international standard security features (as described in Annex C&E).

4.2 BREIF OVERVIEW

The preliminary arrangements with the interested bidder include, but not limited to following:

- a. Production, printing & Supply of security featured smart card and equipment
